2019-2020

District Calendar

Creating College and Career-Ready Graduates

OUR MISSION

Columbia Heights Public Schools
Creating worlds of opportunity for each and every learner
"All Belong, All Succeed"

Dear CHPS Community,

We begin the 2019-2020 school year with gratitude to the community for the support in passing all three bond referendum questions that will fund improvements in safety, security and educational spaces for students at North Park Elementary and Columbia Heights High School. This will be an exciting year of building in our district with the addition of a band classroom and remodeling of performing arts spaces at the high school.

There will be significant renovations at North Park to improve safety and security at the building entrance, student drop-off and playground areas and modernization to provide for today's learners. The District is an asset to our community and these improvements will enhance facility use in our buildings.

This school year also brings a revision of the Columbia Heights Public Schools (CHPS) Strategic Roadmap including the District's mission statement: "Creating worlds of opportunity for each and every learner: All Belong, All Succeed." The privilege of carrying out this mission starts with fostering effective learning communities for students, staff and parents where all have a sense of belonging in a safe and secure setting.

Communication and connection between the CHPS and families is vital for student success. Parents have many opportunities to engage with their child's school and communication can be facilitated through a variety of tools including the District website, Parent Vue, SeeSaw, newsletters, social media and more. We encourage families to stay connected with the schools and the District!

Student academic development is supported during the school day with engaging curriculum and instruction. Through federal grant funding, the elementary schools will experience the return of "Literacy through the Arts" which will provide instruction in music and visual art for kindergarten through grade 5. Students in grade 1-12 have opportunities to continue their learning outside of the school day through ENCORE programming provided by the 21st Century Community Learning Center grant.

This year, our educators will renew their focus on learning communities through professional development. Teachers will use dedicated time to collaborate, review the best teaching strategies, align curriculum to new standards and review student progress data throughout the school year. We are a community of learners which extends to students of all ages through our community education offerings as well! This year we have expanded senior and adult enrichment classes and activities.

We hope you will find many ways to become involved in Columbia Heights Public Schools where we create worlds of opportunity for each and every learner where all belong and all succeed!

Sincerely,

Kathy Kelly, Superintendent

Columbia Academy Students 'RISE UP' on All Occassions

Inclusive. Listener. Mentor. Inspiring. Navigator. Leader. Friend. These are just a few of the words our eighth-graders used to describe the role of the school's WEB (Where Everyone Belongs) Leaders. WEB Leaders are at the forefront of the welcoming committee, ensuring all students feel a sense of belonging at CA.

Highland Elementary Puts a New Spin on Learning

Highland fifth-graders experienced a new way to move with a visit from Joseph “MN Joe” Tran – a local professional break dancer. Funded by field trip money and a PTO grade-level grant, MN Joe brought an experience right to the classroom. Students were thrilled to get out their energy, learn from and collaborate with an expert, and show off their moves!
